

Quality Policy

ActSafe will, by unconventional and **innovative thinking**, develop, market and produce **ultra portable lifting systems** and ancillary equipment for **safe** and efficient lifting of people and cargo.

We contribute to our **customer's success** through a combination of ingenious solutions and **top quality** products. Our training and after sales services ensure that our products are used safely and remain safe to use throughout their lifetime. We never compromise on customer safety or satisfaction.

We,

- Ensure that our products meet or exceed relevant standards
- Strive for **continuous improvement** through prevention, monitoring & follow up
- Employ professional and passionate people

We, the people working at ActSafe

- Are committed, competent and customer focused
- Create a safe, interesting and fun workplace
- Are open for new **possibilities and challenges**
